CEO Message

There is no replacement to “hard work” & “honesty” yet it is a difficult and lengthy road. We started our operations in 1989 with a simple but core philosophy of “Quality Services”, today with the grace of God, Prayers of parents & colleagues and team efforts we have a nationwide presence with largest footprint working every day to make a difference. We do not compete with anyone but ourselves to improve by each passing day.

Introduction

- ▶ *Shaqurri, a small business established in 1989 from Rawalpindi/Islamabad to serve in power sector has grown into Shaqurri Group (Shaqurri International Pvt. Ltd., Shaqurri & Sons and Concept Motors) as one of the leading organization in the supply, after sales services and maintenance of new/used DIESEL GENERATING SETS, RENTAL DGs, UPS, RECTIFIERS, HVAC, FIRE MONITORING AND CONTROL, ADVANCE SURVEILLANCE. ELEVATORS, SOLAR SYSTEMS, MANAGED SERVICES, FACILITIES MANAGEMENT, local fabricated canopies, trolleys, AMF/ATS/Synchronizing/HVAC Control panels, Fuel Supply, solid state battery chargers, AVR, sequence controllers, Aviation light & monitoring D.B, turnkey solutions (including construction work and interior designing), allied services and AUTOMOBILE REPAIR & MAINTENANCE in Pakistan.*
- ▶ *Shaqurri has grown based on a simple philosophy of "Quality Services" & "Value Creation" with our professionally qualified maintenance teams leading to customer satisfaction.*
- ▶ *Considering the criticality of routine operations for Hospitals, UN organizations, NGOs, Embassies, Telecommunication, Education, Banking and Oil & Gas sector, we provide our products, services and spare parts under one roof on 24/7 basis, 365 days.*
- ▶ *We are also providing Automobile Repair and Maintenance services under umbrella of Shaqurri Group with the name of Concept Motors, Islamabad (State of the art workshop fully equipped to handle advance ECM control Vehicles with diagnostic software).*
- ▶ *We have earned customer satisfaction and retention by being attentive to customer needs and we continuously monitor, assess and improve our products, services and procedures to deliver quality, safety and value.*

Our Mission

Our Products/Solutions/Services

Generators

Jet Diesel Generators powered by Perkins (UK) Engine coupled with Leroy-Somer / Meccalte alternators, rating from 12.5kVA to 2500kVA.

Lebanon / UAE

Marapco Diesel Generators powered by Perkins (UK) Engine coupled with Leroy-Somer /Meccalte alternators, rating from 12.5kVA to 2500kVA.

United Kingdom

EUROPOWER Generators powered by Original Honda, Kubota, Yanmar & Volvo Engines coupled with Leroy-Somer/Meccaltet alternators. Gasoline Generators from 1kVA to 20kVA and Diesel Generators from 5kVA to 600kVA are available.

Belgium

UPS and AVR

SERVO-MATIK, a Turkish brand of UPS, Inverters and AVR.

Line Interactive UPS: 600 to 2000 VA,

*True Online UPS: 1 to 10 KVA, Single phase
10 to 20 KVA, Three phase
10 to 400 KVA standalone*

Servo AVR

*3.5 to 20 KVA,
Single phase*

*10 to 3000 KVA,
Three phase*

Static AVR

*5 to 10 KVA and 15
to 20 KVA, Single
phase*

*10 to 2000 KVA,
Three phase*

Our Voltage Regulators have high tolerance to system faults, overload and frequency deviations.

Fire and Safety

- ▶ *Algorithmic Addressable Fire Detection and Alarm System*
- ▶ *Conventional Fire Detection and Alarm System*
- ▶ *Gas and CO Detection*
- ▶ *Home Gas Detection*
- ▶ *Extinction by Gas and Water*
- ▶ *Voice Evacuation System (EN54)*
- ▶ *Audio System*

Elevator

We provide customized elevator solutions depending on customer needs.

We deal in Supplies, consultation, installation and maintenance services for all types of elevators. We provide elevators solutions for buildings and offices with efficient & advanced Safety features ensuring quality performance.

Solar System

Shaqurri Group is also providing Solar power solutions in Pakistan. Our Solar division is backed by Jubaili Bros, a leading multi-national solution provider for Solar Power infrastructure. Jubaili Bros is official partner of Huawei Fusion Solar Invertors in 9 countries including Pakistan. They are also representing world renown Solar panel manufacturer from Europe & China including Lumax Energy, Trina Solar and JA Solar.

HONEY

SUN2000-90-KTL-H1

- Max DC voltage: 1500 V
- Rated AC apparent power: 90 KVA
- 6 MPPTs for versatile adaption to different layouts

Rectifier

Designing, consultation, installation and maintenance of DC rectifiers and inverters. We have trained team nationwide to provide customized solutions.

We have the capacity to update & upgrade the world renowned brands using various softwares.

HVAC

We also provide installation and maintenance services of Heating, ventilation and air conditioning. We have the largest footprint for providing managed services in HVAC for telecom sector.

Our Services include rectification, update & upgrade of various brand of A/C's using appropriate softwares.

Precise Cooling for Data Centers

Providing complete commercial HVAC / Mechanical services to our customers of telecom & defense sector having capability to supply, install & maintain Up-Flow / Down-Flow vertical framing CRACs, In-Row, Hot/Cold Aisle containment system etc.

Design supply & maintenance of energy efficient system to provide precise cooling & humidity in MSCs, MGWs & Data Centers.

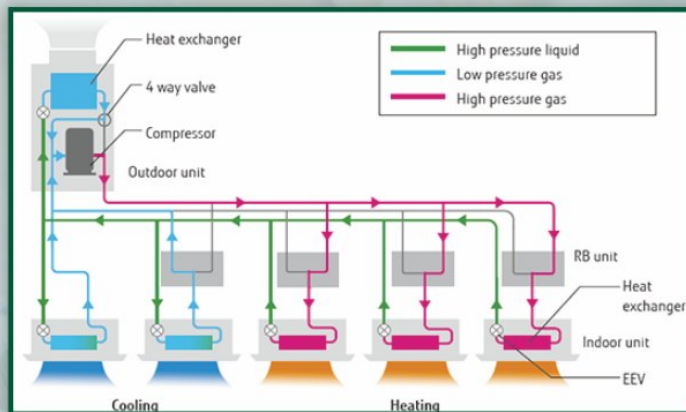

We have skilled & professional staff to operate & maintain precision type AC unit across the country 24/7/365.

We have the capacity to provide our customers complete range of spares required for Stulz, Uniflair, Climatveneta liebert, Hidro etc.

We have expertise in

(1) VRF (Variable Refrigerant Flow) System

We have expertise in

(2) Hydronic Cooling System. Water/Air Cooled Reciprocation, Scroll and Screw Chiller

We have expertise in

(3) Supply, installation & maintenance of raised flooring.

Ultra-Low/High Temperature Testing Chambers

Designing, consultation, supply and maintenance of ultra-low/high temperature testing chambers

- ▶ *Supply & services of ultra-low temperature chambers up to -80 Celsius.*
- ▶ *Supply & services of ultra-high temperature chambers up to 100 Celsius.*
- ▶ *Precise temperature & humidity control is offered in our designed products.*
- ▶ *Customization as per specific requirements of technology application can be catered for in our designed products.*
- ▶ *Due to precise temperature requirements high quality standards are followed in our manufacturing facility in China.*

Fabrication Facility

Shaqurri Group has a standardized and quality fabrication facility in Islamabad. We fabricate Sound/Weather Proof Canopies, ATS/Electrical/Control Panels of Standard IP-52, Galvanized Ducts of Exhaust System, Genset Trolleys and other customized fabrications Projects.

Overhauling Facility

Shaqurri has the capacity & capabilities to overhaul 10KVA to 1MW Gensets of various brand Engines which include Perkins, Cummins, Volvo Penta, Caterpillar etc. We have successfully Overhauled 500 Plus Gensets of different capacities in Pakistan across different industries/Organizations.

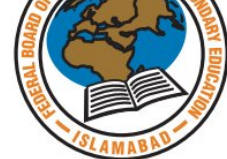

Supply Chain and Inventory

Shaqurri group had dedicated supply chain team who ensure that the required spare parts are available through various sourcing (National & International) channels as and when required and a reasonable inventory is in stock to cater for the operational needs of our customers.

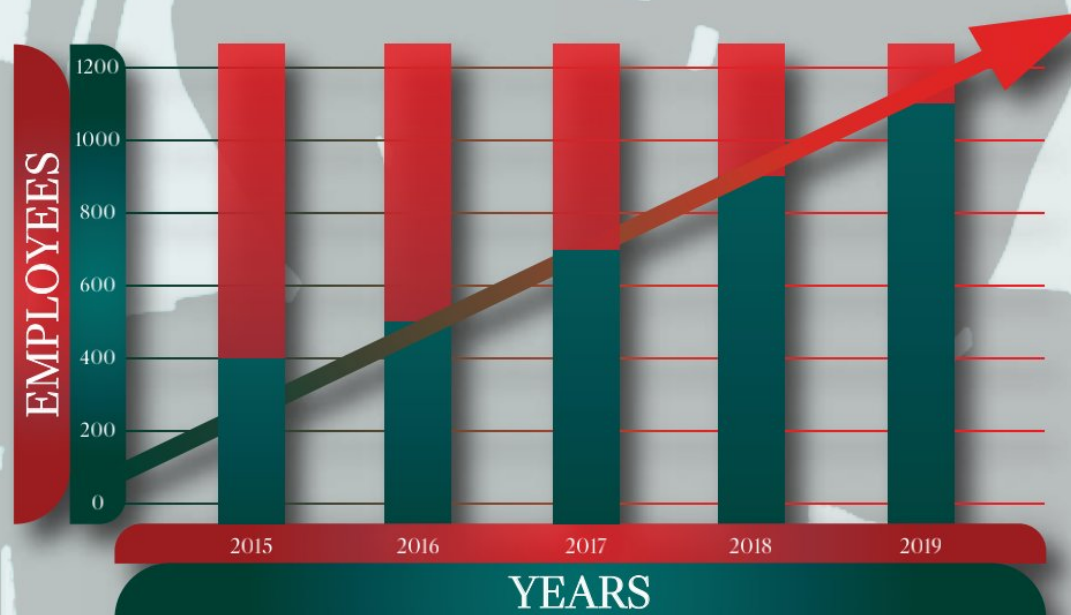

Our Business Partners

The "Road" so far - Growth & Value

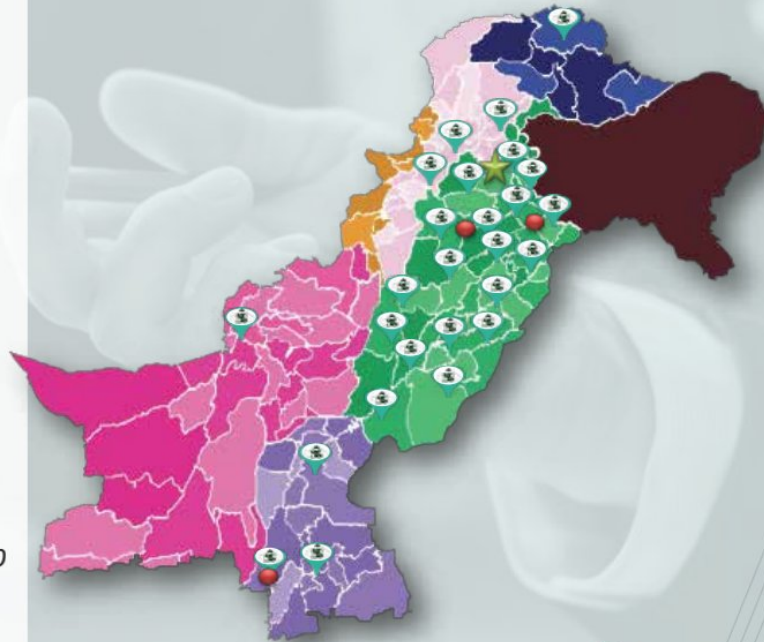

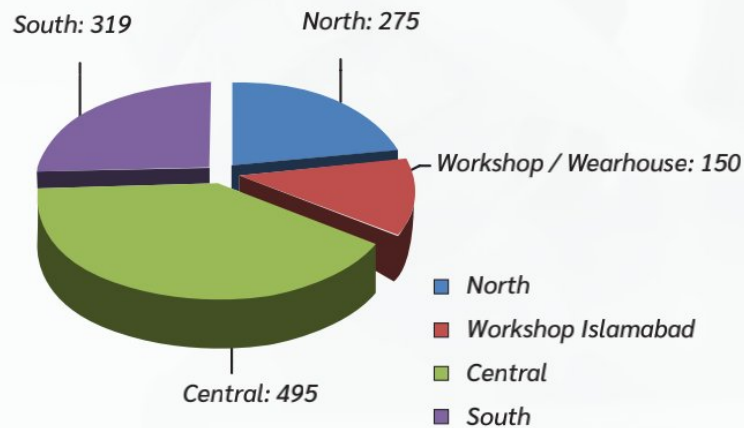

Last five year projections of growth indicates that we are travelling steadfastly the difficult road and are compelling enough that our customers have seen the value we have brought by increasing the depth and breadth of services portfolio.

For the expanded operations we are humbled and are thankful to our team members for understanding that we do not compete with anyone except our self and adhere to the cultural values inculcated throughout the organization.
